

Submitter: Racheal Gunn
On Behalf Of: Oregon charter academy
Committee: House Committee On Education
Measure, Appointment or Topic: HB2583

Hello, I am a mother in Hermiston, Oregon. My children use Oregon Charter Academy. They thrive in their online school environment and the lessons they learn. Their teacher are Absolutely fabulous and the whole ORCA staff are truly committed to the students. Please consider the thousands of ORCA students and other charter school students who need to be able to get funding that is Available but currently not for them.. I know these funds will helps students and teachers in the charter school systems in tremendous ways From one Oregonian wayyy over here in Eastern oregon who is taking time for this important matter and just wants to be heard. Please think of what's best for the all students!!!
