

Submitter:

John Glen

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Getting rid of mail on voting is not only extremely Ableist it is a form of voter suppression. What worthless Republican put this bill forward. Without voting day being a national paid holiday and without enough voting places and shitty hours to vote this is just fascist voter suppression. Any and all republicans need to leave OR immediately for worthless states like Idaho. Maga fascism isn't welcomed here and we will fight it with every breathe.
