SB210

This bill only serves to keep underrepresented communities from having reasonable and reliable access to voting, and places unnecessary circumstances and hardship on all Oregonians in order to have our voices be heard. This is an active attack on the voting rights of legally registered voters being perpetrated by people who very obviously despise a working democracy that respects its citizens. There is absolutely nothing to be gained from forcing in-person voting with "acceptable" ID, other than the disenfranchisement of specific subsections of voters. I'm honestly incredibly angry that our tax dollars are being wasted on discussing nonsense bills to "solve" non-issues such as this one, when Oregon faces so many bigger issues such as homelessness, fentanyl in our streets, deteriorating infrastructure, struggling schools, and a complete failure of statewide mental health services.
