SB210

I am writing to express my opposition to the SB 210 proposal. Oregon has an effective voting system in place that facilitates voter participation. I have lived in states that require in person voting and find this to be a far superior system as a voter. Under our current system I can review my ballot while cross referencing the election pamphlet or other resources in a thoughtful and private manner. I feel more informed as a voter and have not missed an election cycle due to work or other conflicts. This is a pro-democracy system and should be expanded to other states- not retracted in our own.
