

Submitter:

Kimberly Hosford

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon voters are accustomed to voting by mail and appreciate the flexibility this offers, as most of us work full time which makes voting in-person considerably more time consuming and difficult. This bill is yet another attempt to disenfranchise voters. The myth of voter fraud, no matter how prevalent, is still a myth and is not based in fact. I am asking you to oppose this bill and any other like it that comes before the Oregon legislature.
