Vote by mail in Oregon is incredible and secure. It is the most democratic and fair way to vote. I am a physician and trained all across the US and had so many patients who couldn't vote due to being admitted to the hospital or were in a nursing facility. Vote by mail makes it so these people who are ill but have the right to vote can. Also for people who are busy working with schedules where they cannot take off a day to vote (like nurses, physicians, teachers, etc.) vote by mail makes voting accessible to them. Until Election Day is a national holiday where not a single person has to work vote by mail should be available.
