Vote by mail makes voting more accessible to all! It allows those without transportation to vote and makes voting accessible for those who work long hours and then have to go home and take care of loved ones. It also makes me and others more informed voters! When I lived in another state that did not have voting by mail, I would research some races but then when I saw the ballot in the voting booth, realize I wasn't knowledgeable about some of the races on the ballot. When I moved to Oregon 15 years ago and started voting by mail, I became a much more informed voters! I could take time to read about every single race, while looking at my ballot. I started voting on many more races, as a result. Please keep voting by mail in Oregon.
