

Submitter: Casey Jones

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by mail empowers deep research and the ability to capture my voice and vote from the comfort of my own home. As a former resident of California and New Jersey, the hurdles required to simply vote were unnecessary. I often had to request time off and stand in lines for hours. As a resident on Oregon since 2001, I have seen the value of voting from home.
