SB210

I oppose this measure. Mail-in voting makes it easier, more cost effective, and more secure to submit my vote. I am a new resident to Oregon, of roughly 2 years. I registered to vote when I first moved here, as did my family of 5. We are registered voters. I agree on the subject of voter registration also. I am a citizen, as is the entirety of my family. Mail-in voting increases voter turnout which is critical in this day and age. I've lived in California and Arizona prior to this, both of which I have volunteered to work voter polling stations. I understand the time it takes for people to come out and vote. I appreciate the privilege to receive my voting packet and then submit when I am educated on who and what to vote for.

I feel that changing this is an attempt to reduce voter turnout which could influence an election one way or the other.
