On Behalf Of: Common Sense
Committee: Senate Committee On Energy and Environment
Measure, Appointment or Topic: SB1187

Dear Committee Members,

Thank you for the opportunity to comment.

I oppose SB1187. The climate change hoax is up and everyone knows it. The truth is that humans do not cause climate change. The whole thing is about scaring people, and conning money out of them. It's over. Wake up. We do not need to spend one more dime of Oregonians money on anything related to climate change. We are over-taxed as it is, and costs are up on everything, thanks to irresponsible legislation and rule-making. Let's get back to letting Oregonians work and keep more of their money. All the hard working people that you have been trying to put out of business - loggers, farmers and other natural resource workers already take care of the land and the resources. Oregon could be a very rich state if it were managed properly.

VOTE NO ON SB1187

Sincerely,

Karen Schmidlin

Washington County
