SB210

I am in support of Oregon Senate Bill SB210. I believe it is important that as voting members of Oregon that we should be able to make the time to go to a secure polling place to register our vote for candidates and bills that come before the people of Oregon. We have plenty of time to study these bills at home and bring to the polling place our decisions on who or what to vote for.

I feel it is more secure at a polling place. I feel in person voting reduces fraud, abuse, lost ballots and other dishonest behavior

We also need to require voter ID in order to vote.
