

Submitter: Henry Price

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I strongly oppose SB 210. Democracy works best when as many constituents as possible get to participate, and Oregon's revolutionary mail in voting system is the reason for our consistently high voter turnout. This bill is a thinly veiled attempt by the far right to cave to President Trump's regressive and harmful agenda, and Oregon must be a national leader both in voting policy, and defying the far right.
