Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

Senate Bill 210 is a terrible bill for Oregon. Mail-in voting is safe and allows the opportunity for the most legal Oregonians, the ability to vote. As someone who moved recently from Virginia, I have seen how hard it is for some people to vote in person. Whether it is someone who can no longer drive, doesn't own a car, lives far away from a polling station, is sick, doesn't have time to wait for hours in line, or is out of state on election day, requiring people to vote in person on election day will severely lessen the number of people who vote. We want the Oregon government to represent all Oregonians, not just those who can make it to the polls on election day. Please do not allow Bill 210 to proceed.
