SB210

I greatly oppose SB210 that would make in-person voting the only option. As a senior, I am not always able to get to a polling place. Getting rid of mail-in voting has no logic to it except to suppress voting (which is anti-democracy and encouraging only young, able people to stand in line to vote and willing to pay for parking depending on voting site). Oregon's mail-in voting method has been a national success. Why break what is not broken!!! Why?
