Chair & Committee Members,

I OPPOSE this SB 1119.

This is very disconcerting that Oregon legislators would write a bill to punish an employer "from doing certain things at work with respect to immigration"? SB 1119 assumes that current laws—such as those in ORS 659A related to retaliation, discrimination, and workplace protections—do not already cover these scenarios. It suggests that specific legislation is needed for immigration-related concerns, even though existing laws already protect employees from unfair treatment or discrimination based on national origin.

Unless, this is a placeholder to circumvent Federal law and thwart the will of the people who voted in a new President and the #1 reason was to curb ILLEGAL immigration... NO. We do not want unknown people coming into our country without vetting first. There is a legal way to become a US Citizen and we should encourage doing just that and NOT breaking laws or allowing unvetted criminals into our country!

VOTE NO!
