David Anderson

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I'm concerned that out current mail-in balloting makes it difficult to validate votes. I believe that only US citizens and residents of Oregon should be allowed to vote. Otherwise, we open our country up to a covert invasion, where non-citizens skew our voting results to their end. This measure would address my concerns.

Respectfully,

David Anderson
