SB210

I am a 74 year old senior citizen. I'm totally disabled and use a wheelchair for mobility. I have a wheelchair accessible van that is broken and will require me to save 3+ thousand dollars to repair. If there is no vote by mail for me and my family we would not be able to vote. Getting to polling places would be hard if not impossible. I've voted in every election and only missed a primary vote because I had covid. I oppose this bill to end vote by mail, require proof of citizenship and other restrictions. I think it's our states right to decide how we conduct our voting process. I ask everyone to vote no on this bill. My family has been here since the 1800's. The only proof of citizenship I have is a birth certificate. They don't specify what is acceptable proof. You must vote NO on the bill.
