SB210

This bill is openly an act of voter suppression. Oregon has had, vote-by-mail for years. It gives all Oregonians an opportunity to vote if they want. It is safe, convenient, and secure. There is absolutely no reason to change a voting system in this state that is so inclusive of all. All voters in this state, no matter what party, benefits by vote-by-mail. It is the most fair and inclusive of all beliefs.
