SB210

I am writing to oppose this anti-democratic bill. Oregon has been a model in our nation of the effectiveness of voting by mail. It is efficient, promotes access and inclusivity. It is also cost effective and secure. Other states have looked at our system and are trying to model their voting processes after ours given that our long tenure of vote by mail has been successful. There is no reason to change the system other than to try to restrict voting access. I urge our representatives to ensure that we keep our current vote by mail system.
