

Submitter: April Bailey  
On Behalf Of: Neskowin Republicans  
Committee: Joint Committee On Transportation  
Measure, Appointment or Topic: SB416

Oregon is not ready for digital IDs. First, too much of our state is not internet capable and many regions around the state would make it impossible for Digital ID holders to access their ID. Second, digital ID will be much easier to for individuals to produce fraudulently. They will also be easier to electronically steal from others. Thirdly, the state has been infiltrated by international hackers multiple times, how can citizens trust the state to safe guard their ID, which they must use on a daily basis. Finally, Oregon has a terrible history with developing the websites needed for simple procedures, such as selling hunting licenses or awarding unemployment, why would the digital ID be any better. Vote No on SB416.--Republican PCP
