

Submitter: Anna Pickel

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

To whom it may concern:

I do not support removing our Oregon right to vote by mail. I have been voting for half my life and have only voted by mail. Having the luxury to take my time, read through my voter pamphlet and research any ballot measure or candidate at length is very important to our democracy. Removing this right from Oregonians would be disgraceful and a violation of our democratic rights. Do not change anything about our voting process which has worked well for decades. Thank you.

Anna Pickel
