Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I strongly oppose SB 210. The Oregon vote by mail system makes voting accessible to many folks that may not be able to get out and vote on an Election Day. The more people that are able to vote the more we see the values of Oregonians reflected in our state laws and regulations. We also see representatives who truly represent the people of Oregon when more Oregonians are given the opportunity to vote for those who stand for their beliefs!

Please do not allow SB 210 to pass. It would be a a step backward for democracy in our state.

Thank you,

Anna Kirgiorgis
