Teryk Morris

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly oppose the measure. The ease and convenience of secure voting that the current Oregon system provides ensures fair and democratic elections. I strongly oppose changing our voting systems just to appease the orange idiot.

We all know that the true goal with this measure is to suppress voter turnout as that is the only way that the Republicans can hope to win elections these days with how unpopular they have become.
