SB210

I am strongly opposed to SB 210. After repeated inquiries and analyses, the fact is that voter fraud is exceedingly rare. As such, the proposal of in-person voting as a needed solution to a non-significant problem is nonsensical. To insist upon it is either to deny reality or to knowingly lie in the service of another agenda.

A part of that agenda is eliminating mail-in ballots, equivalent to voter suppression. It can not be repeated enough: SB 210 is unquestioningly an attack on democracy. The harm done to our country will be real, stilling peoples voices, stealing peoples freedom. It will help to usher in a government by a few, for a few.

Please vote no on SB 210. The foundations of our nations democracy can not stand too many more cracks.
