

Submitter:

Bryan Monson

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

It's not broken and shouldn't be "fixed." Past Oregon Secretaries of State, both Democrat and Republican, had stated nothing but positive remarks about how well Oregon's vote by mail worked and that it saved money as well as being accurate.

Taking it away does nothing but feed into the unproven and unsubstantiated rhetoric that illegal aliens are stealing elections. All this bill does is stifle elections and our ability to vote.
