SB210

I have lived in Portland, both Washington and Multnomah counties for 38+years. I am opposed to SB210 for several reasons. Requiring citizens to go to a polling place to vote is cumbersome and very inconvenient for working people. Since voting day is not a holiday, voters are required to take time off work and/ or find help for small children. Voting is a right and responsibility of every citizen. Vote by mail ensures that the greatest number of citizens will be able to vote. SB210 is a clear effort to disenfranchise the voters of Oregon.
