

Submitter:

Thomas Phillips

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly oppose SB210.

Vote by mail allows the opportunity for all Oregonians to cast their vote in a manner that works in conjunction with their occupational and social schedule. Working class Americans, such as myself, do not have the convenience to request a work-absence on a Tuesday to stand in line to cast a vote on election day. Vote by mail has allowed me to do my due-diligence to research candidates and measures that effect my community, county and state. Voting, an essential American right, will be severely diminished by this bill if passed.

I urge my representative to vote NO on SB210.
