Half the population in our state lives in rural areas. These areas can be remote, have no cell service, and be the home of animal and human predators. This is reason enough to not consider restricting guns among legal gun owners, but this bill proposes to limit guns of concealed carry owners potentially making unintentional criminals of law abiding and trained gun owners. Rural residents and women depend on their ability to bear arms to protect themselves and their children. Vote NO on SB 698. Republican PCP
