

Submitter: Nancy Cook

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I have lived in many different states. In some of them it was difficult for me to vote because I commuted to another city for work, leaving before the polls opened and returning home after they closed. Vote by mail is the best option to assure everyone is able to vote. Sitting at your kitchen table and researching candidates and issues is the only sensible way for voters to effectively register their wishes. The people of Oregon voted for this method of registering our opinions. Do not take it away from us.

I strongly oppose this SB 210. It is nothing more than an attempt to disenfranchise the voters of Oregon!

Nancy Cook  
Redmond, Oregon
