Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I am a resident of Oregon. Born in 1952.

I have voted regularly in our elections since I received the privilege to do so at the age of 18.

Because our system is based on valid ID requirements for most important choices that we make it is logical that submitting valid ID when voting in person should be included. I must submit proof of who I am when purchasing a fire arm. I must provide valid ID when I purchase a ticket to fly. I must show valid ID to purchase alcohol and tobacco products. Law enforcement requires that I submit valid ID to prove I am who I say I am.

Since there is a law attached to voting in the State of Oregon, it is completely reasonable to expect that valid ID requirement should be necessary. This should include submitting in person to prove my identity, that I am who I say I am.

I humbly request that in-person voting with valid ID become the law in the State of Oregon.

Thank you for considering my request.
