

Submitter: Elizabeth Medley  
On Behalf Of: all citizens qualified to vote in this election  
Committee: Senate Committee On Rules  
Measure, Appointment or Topic: SB210

I urge you to do everything in your power to obtain a "no" vote on SB 210. This bill attacks the very essence of our democracy by putting extreme limitations on the right of the citizens of our state to vote. There is no reason to change the current vote by mail process, which has made it possible for legitimate voters to take advantage of the current ease by which they can make their voices heard. As a constituent, I urge you to speak in my behalf, and stand strong in rejecting SB 210 and its limitations to restrict full voter access to the ballot. We should all be opposed to mandating in-person voting and the restrictions it authorizes to limit voter access to our decision making process.

Please keep your focus on keeping the power of the people, by the people and for the people paramount in Oregon and across the globe.

Sincerely,
