SB210

I STRONGLY oppose this bill, I can't believe I am living through this time of democracy being shoved RIGHT out the door by the GOP (group of perverts). The only people who want this bill to survive are those looking to suppress voters or who are being fed lies about vote by mail. I OPPOSE OPPOSE OPPOSE ANY bill that will make it difficult for citizens to vote. Vote by mail has been a crucial part in my voting process as a full time business owner, it is ESSENTIAL in giving people the ability to read and know and process exactly WHAT they are voting for. NO NO NO YOU FUCKWAD!!!!
