

Submitter:

Havilah Brodhead

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

To Whom It May Concern,

I am an Oregon resident of 10 years and a medical professional living in Bend, Oregon. I believe mail-in voting is critical for voter rights and accessibility. I am strongly opposed to in-person only voting and believe this to limit the power of the people being increasing obstacles to those unable to present in person, including many of my rural patients who have physical limitations that make transportation very difficult or inaccessible.
