I oppose this bill and stand strongly for Oregon's vote for mail system. As a life long Oregonian I'm proud to say I've voted in every election - both primaries and general elections- since I turned 18. I only remember once going to the voting booth in the early 1990s. I absolutely love the convenience of vote-by-mail and now the super cool way we can track our ballot. Proud of Oregon. My mom always said, "You have no right to complain if you don't vote!" so of course I took my civic duty seriously and always took a stand. Vote by mail has allowed so many people to have a voice - and the right to complain! I believe our state has worked hard to ensure fair and accurate elections and have faith in the vote by mail system we have created please do not dismantle this and require people to physically vote in person - this is not the future.
