

Submitter: Charles Van Genderen

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Chair and committee members. As an Oregon citizen who is an active voter I submit testimony in opposition to SB210.

This bill like many others we are seeing across the nation is focused a solution looking for problem that is highly overstated. Yes, people improperly vote. Yes, some fraud does occur. Alternately, this issue is minor and not worth making such sweeping change as intended in this bill. Also this is about making it harder for minorities and young people to vote to favor older voters.

Please vote No on SB210. Thank you, Charles Van Genderen
