

Submitter:

Gayle Ordway

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly oppose this measure.

I value vote by mail.

I value that it has increased voter turn out.

The proposed measure would decrease voter turn out and disproportionately effect voters who do not have proof of citizenship that matches their ID.

I believe any measure, like this one, that reduces lawful participation in elections is against democratic principles that I hold dear.
