

Submitter:	Samuel Weatherly
On Behalf Of:	Myself
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

Myself and the members of my community stand against this blatant attempt at voter suppression. Our country is in a dire state and the health of the nation and its citizens depends on their voices being heard.

There are no compelling arguments for this measure other than control of the populace against their own best interests.

Thank you,

Samuel Weatherly
