Our vote by mail system is such an asset to the state - it's one of the reasons I love living here! Especially with complicated issues on the ballot or ranked-choice options at the local level, it's so helpful to have my ballot at home. I appreciate knowing that I live in a state with one of the higher voter turnout rates - it's good to know that my fellow citizens are engaged and I know that a lot of that comes down to making it easier to engage!

Do not undermine the accessibility and inclusivity of our voting system. It's critical that we all have a say in our elections. Your citizenry does not want voter suppression- we want to continue to enjoy the free and fair elections that make our country great!
