

Submitter: Frances Sheehan  
On Behalf Of: sb210  
Committee: Senate Committee On Rules  
Measure, Appointment or Topic: SB210

I implore each of you to listen to your constituents and support this bill. One day, in person voting within one's neighborhood needs to be supported! The state legislatures need to support the constitution.

Strip away your need for special interest money, your egos and stand WITH America, not the nefarious groups who have caused great harm thus far.

Why did you seek office?

Respectfully,  
Frances Sheehan
