Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

As a disabled working parent, I strongly support keeping mail-in voting in place. Oregon's mail-in voting system makes it easier to vote without barriers and allows voters the time to make informed decisions. Mail-in voting is more equitable, and makes it easier for disabled Oregonians like me to vote. Our mail-in voting system has worked for decades, and SB 210 would create unnecessary obstacles for voters and undermine our democracy. We should be finding ways to make voting more accessible, not more difficult.
