Hollis Thompson

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly oppose SB 210. The ability to vote by mail is one of the things that I love the most about being a long time resident of the state of Oregon. Oregon has proven that vote by mail is not only convenient and allows for more Oregonians to exercise their constitutional right, but it is also secure, not prone to fraud, and increases voter turnout. The government should do everything it can to make voting easy as possible for all citizens, not make it harder. The entire country should follow Oregon's lead and implement vote by mail for everyone.
