

Submitter:

Nicole Charlson

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

In person voting limits access to voting to many citizens- those who lack transportation or childcare, those with disabilities, etc. Voting from home allows you to take time to research the issues in the comfort of your home and make a more educated decision. Oregon has a high percentage of voters using mail in ballots and this would drastically decrease with in person voting. And costs would increase. Please retain mail in ballots for all Oregonians.
