

Submitter:

Rebecca Palmer

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

As a doctor who works in the Emergency Department being able to vote by mail allows me to be able to participate in the voting process. It would be difficult to get time off or to get to the voting booth in person due to my very erratic schedule. Please do not do away with voting by mail. It is safe and it allows more people to vote.
