SB210

This bill will affect disabled veterans and American working families by not allowing the to participate in voting due to voter booth hours, turn away and 'observed' voting practices as we've seen through voter intimidation. Our country was built on life, Liberty and the pursuit of happiness. When we give up our right to vote, we give up our Liberty which, goes against our basic foundation of this Republic. We must protect our sovereign God given right to proceed in a democratic process or else we are not better than the people we fought against in the 1940s.
