Sarah Dulak

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

It has been proven over and over again that vote by mail is safe, convenient and accessible voting option that allows the greatest percentage of the populous to participate in democracy.

Disenfranchising groups of voters in order to serve a political agenda is a disgusting and shameful approach from a political party that has become a soulless void seeking only to harm the interests of the people in subservience to their xenophobic party leadership. Shame.
