

Submitter: Nancy Miller

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by mail is private, convenient, and allows the elderly, the disabled, those working, or caregivers to vote in the comfort of their own home. In Oregon, we pride ourselves in leading the nation in innovative solutions. I saw it with the bottle bill, and now I see it with mail-in voting.

It is secure.

I therefore oppose SB 210, and I urge you to reject it as well. We, in Oregon, stand up for what we believe to be true.
