Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I would like the committee to know of my strong opinion and support for Oregon's existing vote by mail system. The voters of Oregon have shown year over year, since it's inception in 2000, that voting by mail and or drop box is effective (i.e., does not allow for massive fraud or abuse) and accessible for all voters regardless of their work or family responsibilities. In fact, rather than abolishing it, Oregon should be leading other states to adopt our vote by mail process in order to promote safe and secure elections.

Please understand, I am staunchly opposed to the proposed bill changing Oregon's vote by mail system.
