Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Mail-in ballots are the best way to vote as they eliminate waiting, enable one to have the time to think about or research an issue, and enable one to mail the ballot in at any time before the election or even submit the day of election. It's also environmentally friendly since one doesn't need to drive to a polling place. Thank you for preserving mail-in voting!
