

Submitter: Earnest Migaki
On Behalf Of: Oregon Voters
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB210

Vote By Mail has worked successfully for decades, and is a time honored system for Oregonians that is efficient and trouble free.

I am in OPPOSITION to this measure.

To revert back to in-person voting now is flawed thinking created by an administration and its enablers seeking to ensure its own self-interests instead of that for the people it is serving, by undermining them.

Reverting to a more inefficient system that is more costly, taking up more people to man voting stations, is less effective and downgrades the ability to vote is unpatriotic and dismantles what has been shown to work in the best of American and State traditions. The vote for democracy. The proposal is anti-democratic and is designed to create bottlenecks in the voting process and should be opposed by all Oregonians who value truth, freedom and The American Way. Please do not ruin this excellent system by replacing it with the requirement of in-person voting. Thank you for considering my testimony.
