Senate Committee On Rules

Measure, Appointment or Topic:

SB210

We have successfully submitted voting by mail for years with fraud investigations revealing virtually NO FRAUD IN VOTERS VOTING. To dismantle a working system that enables many housebound voters as well as people unable to make it to polling stations, is unfair, unreasonable and denies voters their right to cast a ballot in an election. This system is functioning well. WE NEED TO RETAIN MAIL-IN VOTING. I strongly oppose this measure.
